

# Silver Streak Transportation

The mission of Silver Streak is to keep seniors and people with disabilities healthy, independent and connected to things that give life meaning and purpose.

Silver Streak helps older adults, 60+, who cannot drive, maintain their connections to friends and family, be active and involved in the community, run important errands, and attend medical and social service appointments. The program also serves individuals under 60 with temporary and permanent disabilities.

## Get Started Today!

Call Sandy Baren at 949.435.3460, ext. 354, or e-mail her at [Sandy@JFFS.org](mailto:Sandy@JFFS.org), to sign up for services or schedule a group ride.

## How The Program Works

### Shuttles

You can arrange a shuttle to take groups of people to the same destination on a regular schedule. For example, if a group of seniors in the same general neighborhood wants to go to the same supermarket every Tuesday at 2:00, we will pick up riders at their homes, bring them to their destination and then bring them back home.

### Group Rides and Excursions

Groups of seniors with difficulty driving can arrange a small or large group ride to any destination in Orange County.

*\*\*\* We've transported seniors to Fullerton Light Opera, Bowers Museum, Chapman University Holocaust Library, Huntington Beach Farmer's Market, Newport Beach Boat Parade, UCI Student Center, Plummer Auditorium, Orange County Kosher Market, and many more destinations. \*\*\**

### Silver Streak Volunteer Rides

Our volunteer drivers can provide rides anywhere in Orange County with one week's notice. You order books of 8 vouchers for a recommended donation of \$20.00.

### Cancer Treatment Trips

Cancer Treatment trips for patients receiving treatment at Hoag Newport Beach Cancer Center.

### JARC/Workplace Transportation

JFFS provides transportation to and from the workplace for low-income individuals who have difficulty getting to work because they do not have a car or public transportation doesn't link them to their workplace. The program can transport individuals or groups travelling to the same workplace.

**The recommended donation for most rides is \$2.50 per one way trip.**
