

REACH OUT

We are dedicated to supporting you
on the journey to freedom.

Patients, family members and clinicians
can refer their patients to our clinic for
an intake visit. We are accepting
adolescents and adults.

To request an appointment for yourself
or a loved one, please call (714) 247-0300.

You can also visit our Santa Ana clinic or
email any questions to
info@hurttclinic.org.

Our team looks forward to meeting and
supporting you or your loved one along
their healing journey.

ADDICTION SERVICES OVERVIEW

Hurttt Family Health Clinic offers addiction medicine and chemical dependency services to treat patients with many types of substance use including opioids, stimulants, sedative hypnotics, kratom, cannabis, inhalants, nicotine, hallucinogens and others. Even patients without an addiction, who want to taper off substances such as cannabis, opioids or benzodiazepines can be referred for a chemical dependency consultation. Additionally, referrals for behavioral addictions such as masturbation/pornography/sex, love, shopping, internet/social media, gambling, work and videogames are acceptable.

Hurttt Family Health Clinic offers substance use disorder medications including but not limited to buprenorphine/suboxone, naltrexone and naloxone. We will soon have injectable sublocade and vivtrol available.

ADDICTION MEDICINE

Our patients are supported by a compassionate and competent team including physicians, nurse practitioners, physician assistants, and nurses.

BEHAVIORAL HEALTH SERVICES

We have a team of therapists and clinicians that will help walk you through trauma and other areas that need reparation and healing.

MAT COORDINATION

Get wraparound support from our MAT coordinator who will help you navigate your journey.

THERAPY GROUPS

We are launching weekly groups to support in the process of recovering. Please email nicolewidman@hurtttclinic.org for more information.
